A Note From Crabapple Art Studio's Owner:

Join us this upcoming school year for a full and rich dive into many topics, subjects and mediums! We'll meet the masters and learn their techniques while learning the elements of art and principles of design. We'll spend time with a Charlotte Mason approach to observing God's beautiful creation. Of course, we'll have time for fun holiday crafts and seasonal pieces.

For a breakdown of class details, please see the attached chart.
